Foxit PDF EDITOR CLOUD

Foxit PDF Editor Cloud provides users a cost-effective, business-ready solution to securely work with PDF documents and forms online and from anywhere. It provides a full-featured cloud platform to view, create, edit, collaborate, share, secure, organize, export, eSign, and OCR PDF documents. Additionally, Foxit PDF Editor Cloud integrates with Google Drive and Microsoft 365 to ensure effective collaboration between various teams. And its integration with ChatGPT takes advantage of AI-Generated Content (AIGC) to make end users more productive.

Foxit PDF Editor Cloud

THE PDF SOLUTION THAT BUSINESSES ARE LOOKING FOR

Powerful online all-in-one PDF Editing tool to make your document workflows easy and secure. Key features of Foxit PDF Editor Cloud include:

Edit and modify PDF contents	• Automatically identifies text boxes and allows users to edit paragraphs within that text box. • Modify text, format, organization, and layout with powerful document editing capabilities. • Adds text, images, and video to your PDF documents.
PDF Creating and Converting Features	• Create PDF from multiple files with different file types, blank page. • One-Step PDF Creation from Microsoft® Word, Excel, and PowerPoint. • Create PDF from templates, blank portfolios, or portfolios from a webpage, scanner, folders, clipboards, etc. • Convert PDF to Microsoft® Office, HTML, and image files. • Convert PDF to RTF/TXT files, accessible text, and XML 1.0.

Organize PDF	- Add, delete, or combine pages from multiple PDFs to create new documents. - Thumbnail panel allows you to re-organize pages by simply dragging and dropping page thumbnails within a document or from one document to another. - Delete, add, swap, flatten, crop, and extract pages in a PDF document.
Compare, merge, and Manage Pages in PDFs	- Highlights the differences between the two PDF documents to help you identify what has been changed. - Merge multiple files into a single PDF document. - Manage pages in a document (insert, delete, extract, reverse, rearrange, move, swap, interleave, duplicate, replace, split, rotate, resize, and crop pages).
Plugins integrated into third-party platforms	- Use the Foxit PDF Editor Cloud plug-in to easily convert a Microsoft 365 document to a high-quality PDF and download it. - Provides access to the integration features of Foxit PDF Editor Cloud with Google Drive.
Cloud Documents	Easily upload documents to Cloud Documents once, access these cloud-based documents, and easily edit, share, and collaborate from anywhere, on any device, and in any browser.
eSign PDF documents	- Quickly eSign documents from within Foxit PDF Editor Cloud using the integration with Foxit eSign. - Initiate signature request for a Foxit eSign workflow. - Check document signing status in a Foxit eSign workflow.
Content Management System Integration	Integrates with Google Drive, OneDrive, Box, and Dropbox.
Standard and XFA Form Filling	- Supports interactive and non-interactive PDF forms. - XFA (XML Form Architecture) form filler allows you to leverage existing XFA forms.
Secure PDF documents	Protect PDFs with passwords and certificates.
AI Assistant	The AI Assistant Service offers a spectrum of capabilities to enhance document efficiency and quality: - Efficiently generate succinct and precise document summaries from input text. - Seamlessly rephrase or rewrite content while retaining its intended meaning. - Enable seamless content translation across different languages for selected text. - Foster interactive document engagement through Q&A sessions based on PDF content. - Deliver concise explanations and definitions for designated text segments. - Automatically detect and rectify spelling and grammar errors within your content. Quota: *50 prompts/questions per user per day, maximum 2000 characters per prompt. *100 pages per user per month to analyze and summarize the document.
