AI Assistant	<p>The AI Assistant Service within Foxit PDF Editor Suite Pro for Teams offers a spectrum of capabilities to enhance document efficiency and quality:</p> <ul style="list-style-type: none"> • Efficiently generate succinct and precise document summaries from input text. • Seamlessly rephrase or rewrite content while retaining its intended meaning. • Enable seamless content translation across different languages for selected text. • Foster interactive document engagement through Q&A sessions based on PDF content. • Deliver concise explanations and definitions for designated text segments. • Automatically detect and rectify spelling and grammar errors within your content. <p>Quota:</p> <p>*50 prompts/questions per user per day, maximum 2000 characters per prompt.</p> <p>*100 pages per user per month to analyze and summarize the document.</p>
Smart Redact	<p>Smart Redact seamlessly integrates into the fabric of Foxit PDF Editor Suite Pro for Teams, enhancing document security and efficiency. Smart Redact alleviates the need for manual scrutiny of each page to uncover sensitive information dispersed within sentences. Instead, it compiles a comprehensive inventory of sensitive data embedded within a PDF file. Salient attributes of Foxit Smart Redact encompass:</p> <ul style="list-style-type: none"> • Precision in identifying sensitive information within PDF files. • Robust AES-256 encryption during data transmission between PDF Editor and the Foxit cloud. • Customizable user profiles, empowering users to selectively redact confidential content across varied document types.
Admin Console	<ul style="list-style-type: none"> • Foxit's Admin Console offers the following dynamic features: <ul style="list-style-type: none"> 1. Effortlessly manage licenses, whether on-premises or within a Foxit-hosted cloud, ensuring flexibility in licensing management. 2. Enable and disable critical services, including Foxit eSign, AI Assistant, and Smart Redact, providing tailored access to functionalities based on business needs. • This centralized hub grants administrators exceptional control over the Foxit PDF Editor Suite Pro for Teams environment, striking a harmonious balance between accessibility and security for streamlined PDF workflows.
Cloud Document Sharing	<p>Enabling the Cloud Document Sharing feature offers several substantial advantages to users:</p> <ul style="list-style-type: none"> • Efficient Collaboration: Users can seamlessly collaborate on documents in real-time, eliminating the need for laborious and error-prone manual document sharing. • Version Control: All modifications and edits made by collaborating users are automatically saved back to the source document. This ensures that all users are constantly working on the most up-to-date version, minimizing the risk of discrepancies and errors. • Enhanced Document Management: This feature empowers users to better manage shared files. It effectively eliminates the need for duplicate sharing and downloading of the same document, streamlining the document management process.
